## Developing music teaching in your school

“This classroom music CPD for class teachers is superb. It systematically builds skills and confidence by working alongside a specialist MK Music Hub Classroom Music Teacher - observing, shadowing and team teaching. I have found the programme especially effective when there is the opportunity for the class teacher to teach the demonstration CPD lesson again straight after working with the visiting specialist, e.g. for 2 or 3 form year groups”

**Lizzie Bancroft, Former Head Teacher Loughton Manor First school**

### **MU1B/MU1F - Empowering Classroom Teachers to Deliver Curriculum Music**

- Initially the Music Hub teacher delivers demonstration lessons to the class, whilst the class teacher observes.
- As the project develops, the class teacher gradually takes over small parts of the lesson, supported by weekly reflection with their mentor.
- Class teacher is fully supported at each stage so that confidence is built.
- KS1 is 30 mins teaching time and 15 mins discussion
- KS2 is 45 mins teaching time and 15 mins discussion

**MU1B KS1 £427 per class per term**

**MU1F KS2 £518 per class per term**

## **Music Hub recommended Resources**

Music Express (Collins) is a digital resource used by thousands of schools across the UK who want a comprehensive and engaging music scheme that's easy to use for non-specialist and specialist music teachers. Whether you're navigating new ways of delivering lessons or planning for skills progression, Music Express has you covered with a Lesson Bank of planning documents and core resources and a Song Bank of over 400 songs in a variety of styles to learn and perform. Take a tour of the online scheme by following this link:

The original Music Express Scheme (A & C Black) is produced in a series of books, one for each year group including Early Years, with backing tracks on CDs. This is a great resource and worth continuing to use if it is embedded in your school. However, since there is no digital resource, planning is on CD ROMS and it follows the QCA documents, it has been superseded by other more up to date material.
